PLANNING CONSULTANTS

A list of consultants and consultancies offering
planning advice and services

SCOTLAND 2012

www.rtpiconsultants.co.uk

Whether you are a homeowner looking to improve your property, a business looking to expand, an architect or a developer navigating the complexities of the planning process, or you simply need advice on planning issues, this leaflet is designed to support you.

All consultants and consultancies listed employ members of the Royal Town Planning Institute (RTPI). RTPI members have met the highest standards of education and practice, are regulated by the RTPI and follow a Code of Professional Conduct. They can be relied upon to give the very best advice.

It is important to understand that employing a planning consultant does not guarantee your application will succeed. But it does mean you have expert advice and help to ensure your application has the very best chance.

The leaflet provides details of local planning consultants and planning consultancies, many of which also work on a national basis.

Please visit **www.rtpiconsultants.co.uk** for more detailed information on the services that firms listed here can provide, or to search by location, specialism or name.

If you have any queries about the site or how to use it, please contact enquiries@rtpiconsultants.co.uk or the address below.

Planning Consultants

More than a third of RTPI members work in the consultancy sector, and the number is increasing steadily. They range from sole practitioners, many of whom work from home, to practitioners in major companies – with a variety in between.

The type of work they carry out is wide-ranging and includes:

- Planning applications and appeals
- Feasibility studies
- Impact studies
- Advocacy
- Conservation
- Research and monitoring
- Strategic and local planning
- Urban and rural design
- Funding advice

Many planning consultancies work on a national basis and though they may not have an office based in this region, consultancies based in neighbouring regions and further afield will work within this region. The rear section of the leaflet lists those consultancies that also operate within this area.

We also suggest that you look at other regional leaflets or use the online directory (www.rtpiconsultants.co.uk) to source the details of other firms in and around the region.

All regional leaflets are available for download at **www.rtpiconsultants.co.uk**.
